

Open Call: Proposals for Public Art In Wolfs Lane Park

The Pelham Art Center is seeking proposals for temporary public solo and group exhibitions / installations to be installed in Wolfs Lane Park. We are looking for work that can be sited for three months, activates the park while considering the scale, and use of the park. We strongly encourage site-specific proposals. Proposals will be selected by our Gallery Advisory Committee on the basis of creativity, interactivity, structural integrity and sustainability.

- * **Creativity/interactivity:** Your work should be visually engaging and invite viewers of all ages to enter the court yard to experience the work further.
- * **Structural Integrity:** Your work must be able to withstand three months of exposure to New York weather as well as unsupervised interaction from passers-by and visitors to the Art Center day and night.
- * **Sustainability:** Given the temporary nature of the installation, we encourage the submission of work created with found materials, or from materials that can be temporarily appropriated and then reused after the installation.

Installation: The artist will be responsible for installing and de-installing their artwork. Pelham Art Center **will not** provide assistance for the installation and de-installation of the work.
